

Circ, LLC
Laboratory Technician
September 2022

About Circ

Circ is on a mission to power the clean closet with enhanced recycling technology that (re)sources nature's raw ingredients from global textile waste, promoting a truly circular ecosystem for the fashion industry. We aim to entirely eliminate the need for virgin resources and create a world where nothing goes to waste.

With sharp minds and soft hearts, our team of global scientists and business innovators have come together to solve big problems and are tackling one of the most damaging and polluting industries on the planet. Our mission is mighty, and so is our culture. We're the kind of do-ers who chase the seemingly impossible, until we can say that it can in fact be done. At Circ you can expect warm smiles, wicked smarts, and the chance to really change the world.

Opportunity

As part of our exciting growth phase, Circ is seeking a Laboratory Technician who can perform testing on a number of laboratory instruments, work in a safe manner, keep good records in lab notebook and conduct analysis on data as required.

We need team players who love to build things that bring good to the world, understand & believe in our value system and seek to always challenge the status quo!

Qualifications

- Self-starter with energy and enthusiasm for solving challenges independently and with teammates.
- Comfortable handling solvents, acids, bases and other chemicals with the appropriate PPE
- High school diploma or equivalent required; technical/vocational school diploma highly preferred.
- High interest in laboratory instruments and analyzing data.
- Understanding of and the ability to abide by applicable lab safety and OSHA regulations.
- Previous material characterization and laboratory experience is a plus.
- Impeccable character and compatibility with the values of the company.
- Must provide proof of COVID-19 vaccination.

Responsibilities

A Laboratory Technician can expect to perform some of or all of the following:

- Follow standard operating procedures outlined for the various instruments
- Precise and accurate sample preparation and recording relevant information in laboratory notebook
- Conducts (with team members) lab safety inspections,

- Attention to detail for each instrument so to obtain accurate and repeatable data.
- Analyze, summarize and communicate results as required.
- Performs other related duties as assigned

Diversity, Equity & Inclusion at Circ

We believe an equitable and inclusive work environment and a diverse, empowered team are key to achieving our mission. We're looking for candidates who can expand our culture and challenge business as usual. We strive to foster an environment where all team members can bring their whole selves to work, by their own definition, and we strive to provide all candidates with an equitable and accessible recruitment process.

We provide equal employment opportunities to all team members and applicants for employment without regard to race, color, religion, sex, national origin, age, disability, sexual orientation, gender identity or expression, veteran status, or genetics.

In addition to federal law requirements, we comply with applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities.

This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.

If we can offer accommodations for you in the recruitment process, or if you have feedback on how to make our recruiting more equitable or accessible, please let us know!

Contact/Application Submission: Please submit resume, cover letter, and 3 references to careers@circ.earth. No phone calls or information requests will be answered.
